WORK EXPERIENCE

Product Development Lead

GP-Nagata Inc. (formerly Gameplan Marketing Solutions Inc.)

October 1, 2019 – September 30, 2020   Quezon City

- Developed dashboard and device monitoring tools for internal use of the operation team.
- Developed content management system for partner and client use.
- Created various content templates and design for sponsorship that helps sales on selling and getting clients.
- Oversee company process from development/customization of the product, installation and selling.
- Participated in company annual business review and strategic planning with my projects on it.
- Upgrade the company product hardware from RPi to Android which saved 65% of production cost.
- Created a system where all company products, partners and properties are marked and explorable on the map. It is presented and used by many people during the company launch.

Senior Web Developer

Gameplan Marketing Solutions Inc.

July 6, 2018 – October 1, 2019   Quezon City

- Developed dashboard and device monitoring tools for internal use of the operation team.
- Developed content management system for partner and client use.
- Successfully created a new product on top of the existing product that produces 2 million new revenue for the company from McDonald's, Smart, Paymaya and GCash.
- Successfully integrated Programmatic Advertising to company Out-Of-Home (OOH) screens with the help of Rubicon Project (SSP), The Trade Desk (DSP), DataXu (DSP) and Group M (Media Agency). It becomes the first Programmatic OOH in the Philippines.
- Achieved the goal of my project which is to reduce the cost consumption of the company cloud infrastructure (Amazon Web Services) to 50%.

EDUCATION

Bachelor of Science in Information Technology

Bulacan State University – Main Campus

June 2014 – July 2018
